

Maths Faculty

The Maths faculty is a committed, hard-working, forward thinking team, which consists of the Head of Faculty, Second in Maths and 4 further maths specialists. All teaching rooms are equipped with either a projector and write on white board or an interactive whiteboard and all rooms are connected to the school network. The Maths faculty also has preferential access to some of the schools ICT suites.

At Key Stage 4, our pupils follow the Edexcel Linear Course.

Every pupil also has the opportunity to sit an Edexcel Functional Skills Maths exam at a level appropriate to their abilities in either Year 8 or Year 10.

	Percentage achieving Maths GCSE at C or above
2013	62%
2012	66%
2011	66%
2010	65%
2009	60%
2008	51%
2009	52%

The current Year 11 (2014 exam) are expected to be a high achieving year, probably our best for over three years.
